Dear Colleague:

It is my pleasure to announce the Pennsylvania Governor's Occupational Safety & Health Conference, taking place October 31 – November 1, 2016, at the Hershey Lodge & Convention Center.

This annual conference is Pennsylvania's premier safety and health event and has drawn more than 80,000 attendees over the eight decades since its inception. Business and labor come together to learn, share information, and network to make Pennsylvania a safer place for all to work.

This year’s conference includes a variety of workshops to enhance the educational value for all attendees. The 2016 conference agenda features a keynote address by Kina Repp, who will present on “Safety Beyond Personal Protective Equipment.” Kina has dedicated her life to sharing the importance of workplace safety and educating employees and employers about safety responsibility. She is reminded every moment of every day that there are significant, life-changing consequences when safety is not a priority.

In Pennsylvania, workers continue to be represented by workplace-certified safety committees. I strongly encourage certifying your workplace safety committee with the bureau. Since 1994, more than 11,000 employers in Pennsylvania have created safety committees. These committees are effective in building labor-management cooperation to ensure the safety of more than 1.4 million employees. Creating and maintaining a state-certified workplace safety committee entitles employers to a 5 percent reduction in workers’ compensation premiums, resulting in a cumulative savings in excess of $575 million.

I encourage you to take advantage of the many resources available during this nationally-recognized event.

Sincerely,

TOM WOLF
Governor

- Registration includes attendance at all workshops and sessions, lunch Monday and Tuesday, the reception Monday evening and unlimited access to the exhibit hall.
- The registration fee is non-refundable.
- Registrant substitution will be permitted.
- Visa, MasterCard and Discover are accepted via the GOSH website at www.pasafetyconference.com.
- Registration payments can also be made by check, payable to Governor’s Occupational Safety and Health Conference, and sent with this registration form or a copy of your invoice from the online registration.

WALK-IN REGISTRATION
Walk-in registrations will not be accepted without payment. So we can make proper accommodations, we request that you preregister for the conference.

LODGING
Make reservations for overnight accommodations at the Hershey Lodge by calling 800-437-7439. Reference the “Safety Conference” (Group #1865590) to get conference single/double room rate of $174, plus tax. Reservations must be booked no later than September 30, 2016.

QUESTIONS/SPECIAL ACCOMMODATIONS
If you require an accommodation due to a disability, have a special dietary need, or have any questions, please call 717.441.6043.

Mail your check or money order, payable to the Governor’s Occupational Safety & Health Conference, and this completed form by October 17, 2016, to:

Governor’s Occupational Safety & Health Conference
908 N. 2nd Street
Harrisburg, PA 17102
Welcome

Safety Beyond PPE

Kina Repp, BA/ED

Kina has dedicated her life to sharing the importance of workplace safety, and educating employees and employers about safety responsibility. Every moment of every day she is reminded there are significant, life-changing consequences when safety is not a priority. In just a matter of minutes, her life dramatically changed, as did the lives of her co-workers, family, and friends. Kina is here today to share her story. A lot of people can benefit from Kina’s presentation. The new hire, young workers, management, employees of any kind. This isn’t a story that pertains to just one type of person—somewhere there is a message for you. Kina will plant the seeds, you then, must make them grow. It’s safety from the heart with meaningful content worthy of your time.

10:00 a.m. ........................................... Break / Exhibits

10:30 a.m. ........................................... Workshops

Confined Space Rescue

Kelly Kramer, CECD, HEM and Luke Lazar, CSP

According to NIOSH, confined space accidents take up to 100 lives per year, many of these fatalities are the would-be rescuers. This live demonstration will take you step-by-step through a simulated confined space rescue. Audience members will have an opportunity to participate in the rescue operations, guided by accredited professionals using industry best practices. This session will encourage discussion and interactive learning.

An Overview of USACE EM 385-1-1 Safety and Health Manual Requirements

John Rothe

The EM 385-1-1 manual was designed by the U.S. Army Corps of Engineers (USACE), in collaboration with Naval Facilities Engineering Command (NAVFAC). The manual provides an overview of the safety requirements on federal projects. While many of the requirements in the EM 385-1-1 align with OSHA Standards, there are some specific differences that go above and beyond OSHA Standards. Compliance with the EM 385-1-1 is required by nearly all contractors working on military contracts. This includes those contractors working on NAVFAC, USACE, Department of Defense (DoD), or other government agency contracts.

Workplace Violence in Healthcare Organizations

Stephen C. Lane and Stephen J. Pakosh

To provide information on how to identify and prevent being a victim of workplace violence; who is at risk; 4 types of workplace violence; understanding the direct and indirect effects; and how to avoid being a victim of workplace violence.

En Garde - Reducing Amputation Risk

Kristen Morgret, CSP and Hilary Kreider, CSP

Machinery is the primary cause of amputations in the occupational workplace. One of the most important steps an employer can take to reduce the risk of this and other severe machine-related workplace injuries is machine guarding. An OSHA focus point, machine guarding consistently remains in OSHA’s top ten most frequently cited standards. This session will review best practices as applied in practical, real-life scenarios, while encouraging audience questions and discussion.

What is VPP and Safety Best Practices

Scott Shimandle and Steve DeP

OSHA’s Voluntary Protection Program (VPP) recognizes workplaces that have implemented effective safety and health management systems (SHMS). This session will not only cover the elements that are needed to have an effective SHMS, but also the ways an employer can participate, the VPP audit process from application to team recommendation, and finally, a review of some recognized Best Practices as seen by the audit teams while conducting these assessments.

www.pasafetyconference.com   October 31 - November 1, 2016 | 3
■ Labor/Management: Is Your Labor/Management Safety Committee Up to the Test?  
*Tom Scott, Jeremy Flickinger and Jim Touey*

This session will present the challenges and rewards of employers working with employees in developing a healthy and effective safety committee. What key Safety & Health Management System elements are necessary in the development of an effective safety culture? Could your safety program pass the litmus test?

■ The Future of the Safety Professional  
*Frank Baxter, M.S., CSP, HEM*

The Future of the Safety Professional presentation will cover the current salary potential of the Safety Professional based on education, credentialing, years of experience, geographical location, and industry. Three skills that every Safety Professional must possess and ideas how to acquire them. How Safety Professionals can increase their marketability, credibility, and overall standing within the Environmental Health and Safety industry.

11:45 a.m. .......................... Lunch and GASE Awards

1:15 p.m. ............................................. Workshops

■ Physical Readiness Coach Train the Trainer  
*Mark Everest*

The Physical Readiness System (PRS) Coach Train the Trainer is designed to equip participants with proven coaching techniques and tools to introduce Physical Readiness and flexibility to your organization. The Physical Readiness System (PRS) is a core stability, balance, and flexibility routine conducted daily in the workplace to reduce the risk of musculoskeletal injuries, increase productivity, enhance efficiency, and improve morale. The PRS has touched millions of American workers to start their workday like a professional athlete by getting mentally and physically prepared. This will educate, motivate and inspire all participants to become proactive in their own personal health and wellbeing and walk away with a solution to help their most valuable assets - their employees (team members) in the workplace.

■ Workplace Exposures - Asbestos Screening & Education in 2016  
*Aldo Zambetti and Diane Blackburn*

This session will cover workplace exposures that are still affecting workers in 2016. We will be sharing some screening and educational events that the Sheet Metal Workers are using to make their members aware of these exposures along with the screening made available to our members through a Labor and Management effort.

■ We’ll See  
*Michael R. McSorley*

This session will give insight on addiction, crime, incarceration, recovery and how the labor movement transformed a young criminal mind into a mechanical mind through an apprenticeship which led to a successful union contractor.

■ 10 is Good - Finger Injuries and Amputations  
*Dr. Stephen Dailey and Dr. David Frank*

- First Aid for minor hand injuries.
- Indications for surgery in hand injuries.
- Lost time – modified duty related to hand injuries.

■ Defensive Driving and Fleet Safety Management  
*Bill Burke*

This session will review the basic concepts of defensive driving and fleet safety management programs. The defensive driving concepts will include discussions on road hazards, unsafe driving behaviors and techniques to use to minimize your chances of being involved in a preventable collision. In addition, we will discuss motor vehicle record checks and how to evaluate the Motor Vehicle Record.

■ Labor/Management: Is Your Labor/Management Safety Committee Up to the Test? (repeat)  
*Tom Scott, Jeremy Flickinger and Jim Touey*

■ Secrets of Empowered Employers: Injury & Illness Management  
*Toni S. Roberts*

For more than 20 years, THE WORKFORCE has successfully partnered with employers to create effective strategies which result in successful outcomes related to occupational health and injury issues. This presentation will unveil the most effective tactics employers can use to minimize occupational risks, to maneuver through the injury management process and to resolve claims. These tactics reflect years of collaboration that have ultimately resulted in employers empowered with effective injury and illness management tools.

2:30 p.m. ................................. Beverage Break / Exhibits
Excavation Pre-Planning Saves Lives
Terence McGovern and Jon Lees

The program will focus on proper pre-planning of excavations. One area of focus is how to prepare a pre-plan with special emphasis on the emergency responders.

The Future of the Safety Professional (repeat)
Frank Baxter, M.S., CSP, HEM

Safe Patient Handling in Healthcare
Stephen J. Pakosh

This presentation will provide information for health care workers and other caregivers on safe lifting and handling procedures for patients. After completing this program attendees will be able to:

- Be aware of the risks of injury due to patient handling
- Understand what musculoskeletal (MSD's) injuries are including their signs and symptoms
- Identify important principles of body mechanics and ergonomics
- Identify ergonomic risk factors
- Identify when and why patient lifting devices should be used
- Understand proper methods for lifting/assisting patients
- Identify factors to consider when determining the type of safe lifting method to use (manual/team/mechanical)
- Identify exercises that can be done to stretch and strengthen muscles commonly used for lifting.

Lock Out/Tag Out
Stephen C. Lane

This presentation will provide an understanding of the regulatory requirements as well as safe procedures to avoid injuries and incidents when working with devices that can generate hazardous energy. After viewing this program, students will be able to:

- Understand the purpose of the LOTO standard
- Understand how the lack or improper methods of LOTO can lead to amputations
- Understand when it is necessary to apply LOTO
- Identify when exceptions to LOTO apply
- Identify the types of authorized LOTO devices
- Identify when documented LOTO procedures are necessary for machines
- Understand the difference between authorized and affected employees
- Identify correct procedures for individual and group LOTO
- Understand when tags are able to be used and their requirements
- Identify the type of employee training necessary
- Understand contractor involvement within LOTO

Defensive Driving and Fleet Safety Management
Bill Burke (repeat)

What is VPP and Safety Best Practices (repeat)
Scott Shimandle and Steve Delp

Secrets of Empowered Employers: Injury & Illness Management (repeat)
Toni S. Roberts

Open for Business or Open Target?
Lance J. Ewing ARM, CRM, ERMP

Many companies and organizations are ill prepared for a violent workplace incident. Whether a criminal action, or an employee on customer/customer on employee violence, or employee on employee or even domestic violence in the workplace; you need to be prepared. This session will identify the risk management techniques needed to prepare for a workplace violence event, how to raise awareness among your workforce, what to do in the case of an active shooting occurrence, how to respond to the media and how to handle the aftermath of a workplace violence experience. It is not a question of “if” it will occur, but “when”. Are you prepared?
8:00 a.m. ................................................................. Keynote

Safety's Wild Thing
Matt Forck, CSP & JLW

We are all looking for even better safety results and an improved safety culture. We spend a lot of time looking outside our own people, safety team and even outside our own company. Yet, as St. Louis Cardinal’s Hall of Fame player Lou Brock once explained winning teams don’t look outside to find a secret, they simply harness the power of the team’s WILD side.

Willing to Talk/Communicate. The old wise quote from an anonymous author says, “An excuse is just a reason packaged with a lie.” We need to stop making excuses and start talking.

Identify the Plan. “Men in the game are blind to what men looking on see clearly,” a wise Chinese proverb reads. Without a clear plan, we are blind to habits…and hazards.

Lively energy. “In order to have burned out, you had to first have been on fire!” Anonymous. We need energy to keep safety, and our lives, on track.

Determined to make a difference...in our own way! “There is no passion to be found by playing small and settling for a life that is less than the one you are capable of living.” Nelson Mandela. Each person must bring his/her best to the team, in his/her own way.

9:00 a.m. .................................................... Beverage Break / Exhibits

9:15 a.m. ................................................................. Workshops

■ Hand & Power Tool Safety
Matt Riehl, CHST and Jason Beiler

This session will be a hands on presentation on hand and power tool safety. General tool safety, manufacturer requirements and recommended PPE selection will be covered. Physical examples of compliant and non-compliant tools will be shown and discussed.

■ Do You Feel Lucky, Punk? Demolition Sub-Part T and Best Practices
Bob Verzella and Jim Harrity

Is it true that all you need is a sledge hammer and a magnetic truck sign to be a demo contractor? Review of Sub-Part T, Health and Environmental and Best Practices. Let’s avoid the “what could possibly go wrong?” attitude.

■ Social Media
Larissa Newton

This session will cover fundamentals and basics of social media, including sites to use for staying up to date on safety related topics and concerns. Twitter is a perfect example because it can provide minute-to-minute updates on emergency evacuations, traffic conditions, etc.

Pennsylvania is committed to continuously improving highway safety. For instance, PennDOT aims to reduce fatalities from 1,413 in 2010 to 706 by 2030. One way to do this is by educating the public through every avenue possible. This is where social media comes in – where just one Facebook post has the potential to reach more than 800,000 people. This session will help you understand how your organization can leverage social media to increase safety awareness.

■ Amputations Last a Lifetime, Guard It or Lose It
Jeffrey Haffner

The Department of Labor will discuss the long-reaching impact that a serious accident and traumatic injury can have on an individual, family, career, etc. The presenter is the survivor of a traumatic injury (amputee) and will relate first-hand experience on dealing with rehabilitation and recovery, and the ongoing challenges faced in everyday life following a traumatic injury.

■ The Total Safety Committee Makeover: A Step-by-Step Process for Safety Committee Success!
Matt Forck

Don’t you wish that safety committees came with instructions? After all, our committees are major investments in time and resources, yet they all too often fall short of expectations. Instructions, guidelines and tips for committees are scattered in procedures, sprinkled on the Internet, and scribbled on napkins...until now. The Total Safety Committee Checklist will help you build a systematic process for safety committee success. Find both the basic ‘must do’ material for those committees that are just getting started, as well as extra credit items for highly effective committees. We all wish safety committees came with instructions...well, they do now!

■ Improving Chemical Facility Safety and Security and What You Can Do to Help
Adam Hamrick, Garret J. Hansen and Kevin Daniel

This presentation will discuss the interagency collaboration among federal agencies related to Presidential Executive Order 13650 “Improving Chemical Facility Safety and Security.” Presentation will include an update on the OSHA Process Safety Management Standard and Hazard Communication Standard incorporating GHS. DHS will provide a summary of their Chemical Facility Anti-Terrorism Standards and EPA will provide a summary of their Risk Management Plan.
Six Components of a Hearing Conservation Program  
*Helene R. Freed, Ed.M, CAOHC and Andi Hengen*

This presentation will discuss each of the 6 components that OSHA regulation 1910.95 requires for a complete hearing conservation program in industry. The six components are:

1. Noise level evaluation
2. Audiometric testing
3. Hearing protection
4. Record keeping
5. Training
6. A written program

We will also discuss clinic hearing testing vs. industry (OSHA) testing. In addition, techniques and options for employee motivation will be offered. If time allows, we will have a practicum “experiencing” several types of hearing protection.

10:45 a.m. .................................................Bevage Break / Exhibits

11:00 a.m. .................................................Workshops

- **Silica Containment on the Job Site**  
  *Kevin Henichek and Mike Peiffer*

  With the new silica ruling from OSHA, the construction job site needs to be as dustless as possible, as soon as possible. Dewalt’s Perform & Protect line of power tools provide a line of defense against the harmful effects of dust inhalation without sacrificing the performance needed on the job site. This session will review Dewalt’s strategy to make the job site safer including compliant HEPA dust extractors and shrouds for power tools.

- **Infection Control Risk Assessment (ICRA) – What Does it Mean?**  
  *Debra Hess, RN CIC*

  Essential to the well-being of any hospital, Infection Control Risk Assessment (ICRA) is a thorough way to assess the risk to patients, visitors and staff. ICRA identifies potential interruptions in work flow or utility interruptions and plans for alternate solutions. ICRA barriers provides a safe environment for patients, visitors and staff.

- **Apps for the Safety Professional**  
  *Neel Horst*

  This workshop will review some of the smart phone applications available for safety and health, show their functions and how they can be applied to real world safety and health situations.

---

Giving Teeth to Your Safety Program  
*Jeff Lee*

How well is your safety program really working? Are accidents continuing to frustrate your staff? Is your MOD Rate challenging your company’s ability to get future work? Is employee and manager commitment to safety giving you headaches? Is your company struggling with profitability? Can your staff clearly state your 2016 Safety Goals?

This session will explore four key ‘Safety Program Puzzle Pieces’ and share possible solutions to help your company become a model in your industry for safety excellence. The presenter will share ideas and lessons learned from his 36 years of working in the world of safety with both small and large firms. We will discuss ways to get a clear picture of where your safety program stands, explore where your program could be, define several important puzzle pieces of successful programs, and evaluate potential benefits of making this commitment.

12:30 p.m. .........................................................Lunch
1:30 p.m. .........................................................Adjourn
The Governor’s Occupational Safety & Health Conference has been Pennsylvania’s premier safety and health event for nine decades. This annual conference - where education, innovation, best practices, new products and services come together - has drawn tens of thousands of safety professionals since its inception. The conference has experienced exceptional growth in recent years, and continues to bring new options to safety professionals and vendors.

The exhibit hall, redesigned for 2016, provides additional exhibit space, and a dedicated workshop area bringing additional traffic to the hall.

In 2015, more than 1,100 attendees took advantage of educational sessions, learning innovative, behavior-based safety practices to improve workplace safety culture.

Over 80 vendors and consultants were available to educate attendees on best practices and safety product improvements.

The Advisory Committee Members of the Governor’s Occupational Safety & Health Conference look forward to seeing you in October.

SPONSOR OPTIONS

Wireless Internet Sponsor .................................................$6,000
NEW! Be the most visible and popular sponsor! Sponsor WiFi for conference attendees. When attendees access the internet the first page they see will be the url you designate.
• Ten admissions to the 2016 Governor’s Occupational Safety and Health Conference
• A full page (7.5” l x 4.5” w) advertisement in the Program Book used by participants throughout the conference.
• Public announcement at the conference of your WiFi Sponsorship and support of workplace safety.
• Recognition throughout the conference by a publicly placed placard identifying your organization as the WiFi Sponsor.

Gold Sponsor ..................................................................$3,500
• Ten admissions to the 2016 Governor's Occupational Safety and Health Conference
• A full page (7.5” l x 4.5” w) color advertisement in the Program Book used by participants throughout the conference.
• Public announcement at the conference of your Gold Sponsorship and support of workplace safety.
• Recognition throughout the conference by a publicly placed placard identifying Gold Sponsors.

Silver Sponsor .................................................................$1,250
• Three admissions to the 2016 Governor's Occupational Safety and Health Conference
• A full page (7.5” l x 4.5” w) color advertisement in the Program Book used by participants throughout the conference.
• Public announcement at the conference of your Silver Sponsorship and support of workplace safety.
• Recognition throughout the conference by a publicly placed placard identifying Silver Sponsors.

Bronze Sponsor ..................................................................$600
• Two admissions to the 2016 Governor’s Occupational Safety and Health Conference
• A half page (3.75” l x 4.5” w) color advertisement in the Program Book used by participants throughout the conference.
• Public announcement at the conference of your Bronze Sponsorship and support of workplace safety.
• Recognition throughout the conference by a publicly placed placard identifying Bronze Sponsors.

Honorary Sponsor ............................................................$300
• One admission to the 2016 Governor’s Occupational Safety and Health Conference
• Recognition in the Program Book used by participants throughout the conference identifying your company as an Honorary Sponsor.

EXHIBITOR INFORMATION
An exhibit at the 2016 Governor’s Occupational Safety and Health Conference is an ideal way to market your products or services to Pennsylvania’s occupational safety and health representatives.

Over 1,100 safety professionals from the mid-Atlantic states attended this event last year including safety managers, business owners, safety committee members, consultants, union officials, educators and government officials.

- Exhibit registrations are due no later than September 30, 2016 in order to have your company information in the Program Book.
- Vendors will receive confirmation upon receipt of completed exhibit registration form and full payment.
- Booth assignments will be confirmed prior to the show.

Purchase of exhibit space includes:
- Vendor lunches available in the exhibit hall.
- (1) 6’ table draped, 2 chairs, wastebasket, backdrop with vendor name sign (7 inches x 42 inches), and side rails.
- Full conference registration for two representatives (additional reps require full registration).
- Meals, breaks and reception for two representatives as indicated on the agenda.
- Vendor name on www.pasafetyconference.com with hyperlink to company web address through January 31, 2017.
- 24-hour roaming security provided by the Hershey Lodge Security Staff.

Electric is included with the purchase of a booth. Internet and other services are available upon placing your order with Hershey Exposition Services. Additional fees apply.
- The exhibit hall is carpeted.

SET UP
Sunday, October 30: 2:00 p.m. - 8:00 p.m.
Monday, October 31: 6:00 a.m. - 7:30 a.m.

SHOW HOURS
Monday, October 31: 7:30 a.m. - 5:30 p.m.
5:30 p.m. - 7:30 p.m. Reception in Exhibit Hall
Tuesday, November 1: 7:30 a.m. - 1:30 p.m.

TEAR DOWN
Tuesday, November 1: 1:30 pm - 3:00 pm

Please provide a brief description of your business or product for the Exhibitor section of the Program Book (150 words or less).

Exhibitor Terms and Conditions

We hereby apply for exhibit space for our use at the 2016 Pennsylvania Governor’s Occupational Safety and Health (GOSH) Conference. The fee indicated on the registration form is required now to hold the space. GOSH will assign exhibit space in order of priority established by date of payment received. If our choices of exhibit space have already been assigned, GOSH will assign us the best available exhibit space. We understand that this contract, when signed by us and accepted by GOSH, is binding and requires that payment be made in full. We agree to comply with the exhibit regulations, instructions and conditions of the contract published below and with all conditions under which facilities at the Hotel are provided to GOSH.

1. CONTRACT FOR SPACE: By submitting a contract for exhibit space, the applicant releases GOSH from any and all liabilities to applicant, its agents, licensees, or employees that may arise or be asserted as a result of submission of a contract or of participation in this exhibit. GOSH determines the eligibility of any company or product for exhibit. Acceptance of a contract does not imply endorsement by GOSH of the applicant’s products or services, nor does rejection imply lack of merit for same. This contract for space (when endorsed by GOSH with notice of space assignment) constitutes a contract for the right to use the space. Rental for space is payable with this contract. No refund may be made for space that is not used or for space that is unused during part of the exhibit. Should space remain unoccupied at the opening of the exhibit, GOSH may rent or use it without obligation or refund.

2. ARRANGEMENTS OF EXHIBITS: The space provided will be shown on the floor plan insofar as possible, but GOSH reserves the right to make changes at any time in the location, display limits or space allotted in the best overall interest of the show. If preferred locations are taken, GOSH will help the Exhibitor pick one of the remaining spaces. Exhibits may not project beyond the space allotted in any dimension (width, depth, height) or interfere with traffic to exhibits of others. Safety laws require that exhibits be kept out of or from extending into aisles.

3. USE OF EXHIBIT SPACE: No Exhibitor may sublet, assign or apportion any part of the space allotted, or represent, advertise or distribute literature for the products or services of any other firm or individual except as approved in writing by GOSH. The purposes of the exhibit are to inform and educate business people regarding services and products of the Exhibitors.

4. RESTRICTIONS: GOSH reserves the right to restrict exhibits which, because of noise, method of operation, or any other reason, become objectionable or otherwise detract from or are out of keeping with the character of the Conference as a whole. It may forbid installation or request removal or discontinuance of any exhibit or promotion which, if continued, departs substantially from the design and description given advance approval. In the event of such restrictions or evictions, GOSH is not liable for any refund of rental or other expenses. Advertising, displays, demonstrations and conferences in the interest of business are not permitted except by firms that have rented space to exhibit and have cleared plans in advance.

5. CONDUCT: Exhibitors operating sound motion picture equipment, record players, loudspeakers or any other noise-creating devices shall do so only at a level which will not interfere with other exhibitors, or GOSH may require discontinuance of their use. All demonstrations, interviews and other exhibit activities must be conducted in such a manner as not to infringe on the rights of other exhibitors or offend visitors to the exhibit. If the exhibit includes any variation of music it is the responsibility of the exhibiting company to ensure compliance with ASCAP/BMI laws. The exhibitor agrees not to sponsor group functions, such as tours, film showings, speeches or other activities in conflict with any other officially programmed conference event except as approved in writing by GOSH.

6. SOUVENIRS AND SAMPLES: Distribution of souvenirs and samples is prohibited except as approved in writing by GOSH. Film showings, speeches or other activities in conflict with any other officially programmed conference event except as approved in writing by GOSH is prohibited. The exhibitor agrees not to sponsor group functions, such as tours, film showings, speeches or other activities in conflict with any other officially programmed conference event except as approved in writing by GOSH. BMI laws. The exhibitor agrees not to sponsor group functions, such as tours, film showings, speeches or other activities in conflict with any other officially programmed conference event except as approved in writing by GOSH.

7. FIRE REGULATIONS: Booth decorations and construction must conform to local fire regulations. Combustible or explosive materials and substances may not be used. Cloth and other flammable materials must be flame-proofed. Packing containers, excelsior, wrappings and similar materials must be removed from the exhibit area and not stored under tables or behind displays.

8. CARE OF PREMISES: No part of an exhibit sign or other material may be pasted, nailed or otherwise affixed to walls, doors, or other surfaces in a way that might mark or deface the premises or booth equipment and furnishings. Damage from failure to observe this notice is payable by Exhibitor.

9. EXHIBITOR RESPONSIBILITY AND INSURANCE: All property of the Exhibitor is understood to remain under its custody and control while in transit to or from, and while within, the Conference Hall, subject to the rules and regulations of the Conference. The Exhibitor is encouraged, but not required, to carry first-party insurance covering loss or damage to its property while being transported to or from, or while in use at, the Conference. However, the Exhibitor is required to maintain liability insurance during the period of the Conference against injury to any person or the property of others in an amount of at least $500,000 per occurrence, which insurance shall name as insureds the Exhibitor, GOSH and the Hotel.

10. MANAGEMENT LIABILITY: Neither GOSH, nor its agents or employees, shall be liable for any damage to the property of or loss of business to Exhibitor or any person using its allocated space, or for any loss by theft or other means, or allocated space, or his or her employees, agents, servants, customers or guests, arising from any cause or matter whatsoever. The Exhibitor, on behalf of itself, its employees, agents, servants, or guests, releases and discharges GOSH, its officers, employees, agents and servants, from any liability whatsoever on account of any matter arising out of, incident to, or connected with the Exhibit, the participation of Exhibitor or the use or occupation of space therein by Exhibitor, its employees, agents, servants, customers or guests, or cancellation, postponement or transfer of the Exhibit to a different location. The Exhibitor assumes the entire responsibility and liability for losses, damages and claims arising out of Exhibitor’s activities on the Hotel premises and will indemnify, defend and hold harmless the Hotel, its owner and its management company, as well as their respective agents, servants and employees from any and all such losses, damages and claims.

11. INDEMNIFICATION: Exhibitor, on behalf of itself, its employees, agents, servants, customers and guests will protect, indemnify and save harmless GOSH against any loss of use or damage or charges imposed for any violation of any laws or ordinances, occasioned, caused or contributed to by any willful or negligent act of Exhibitor, its employees, agents or servants. Exhibitor, on behalf of itself, its employees, agents, servants, customers and guests, will at all times protect, indemnify and save harmless GOSH against and from any and all loss, cost, claim, liability, damage, expense, court costs and attorney fees arising out of or from any accident or other occurrence in connection with the use or occupation by Exhibitor of said space, causing injury to any person or property whomsoever, or from the removal, caused or contributed to by any willful or negligent act of Exhibitor, its employees, agents or servants.

12. UNION LABOR: Exhibitors are required to observe all union contracts which may be in effect between GOSH, the official contractors, the Hotel and various labor organizations.

13. STORAGE OF PACKING CRATES AND BOXES: Exhibitors will not be permitted to store packing crates and boxes in their booths during the exhibit period. They can be stored only if properly marked and returned to the booth by service contractors. Crates not properly marked or identified may be destroyed. Because of the lack of storage facilities, it may be necessary to store crates outside the building. Every effort will be made to protect the crates from the elements but neither the management nor the contractors will assume any responsibility for damage to them. The removal and return of large crates that cannot be handled by hand trucks will be charged for at prevailing rates.

14. CANCELLATIONS: Cancellation prior to 7/27/2016 = 100% refund of monies paid to GOSH to date. Cancellation prior to 9/26/2016 = 50% refund of monies paid to GOSH to date. GOSH may use cancelled space as it sees fit without further obligation to the cancelling party.

15. DEFAULTS: If Exhibitor defaults in any of its obligations under this agreement, or violates any of the requirements or covenants of this agreement, GOSH may without notice terminate this agreement, and retain all monies received on account of rental as liquidated damages. GOSH may thereupon, with or without process of law, remove the said Exhibitor, its employees, agents or servants, and all of its articles of merchandise and other personal property from the space contracted for and from the Exhibit Hall.

16. INABILITY TO PERFORM: If GOSH should be prevented from conducting the Conference by any cause beyond its control, or if it cannot permit the Exhibitor to occupy this space due to circumstances beyond its control, GOSH will refund to the Exhibitor the amount of the rental fee paid, less a proportionate share of the Conference expenses, and GOSH shall have no further obligation or liability to the Exhibitor.

17. INTERPRETATION AND ENFORCEMENT: These regulations become a part of the contract between the Exhibitor and GOSH. GOSH has full power of interpretation and enforcement of these rules and may amend them at any time. All matters in question not covered by these regulations are subject to the decision of GOSH and all decisions so made shall be binding on all parties affected by them as by the original regulations. Exhibitors or their representatives who fail to observe these conditions of contract or who, in the opinion of GOSH, conduct themselves unethically, may be dismissed from the Conference without refund or other appeal.
Continuing Education Credits

Preferred Systems has approved the 2016 Governor’s Occupational Safety and Health Conference for the Continuing Education Credits listed below. Continuing Education Credit fees are in addition to the Conference registration fees.

For Continuing Education cost information and to download a registration form, visit the Educational Credits page on www.pasafetyconference.com or call 888-455-7437. Preferred Systems representatives will be onsite to assist at the conference.
